

Create a Tracker from a Shared Curriculum Map

If someone from your school or district has created a curriculum map and shared it with you, you can create a tracker from it in just a few steps. When you create a tracker from the curriculum map, it will include any standards, assessments, and resources associated with that map.

In order to make changes to a curriculum map that has been shared with you, you will need to copy the map first. For more information on copying curriculum maps, please see our Help article, [Copy the Curriculum Map](#).

Step-by-step

How to Create a Tracker from a Shared Curriculum Map

1. Click on **Trackers**, then click on **Curriculum Maps**.
2. Click on **Shared With Me**.
3. Find the map you want to use for your tracker, and click on **Create Trackers from Map**.

The screenshot displays the MasteryConnect interface. On the left, a sidebar menu lists categories: 'Created (2)', 'Using In Trackers (1)', 'Archived (0)', and 'Shared With Me (2)'. A mouse cursor points to 'Shared With Me (2)'. The main area is titled 'Created' and contains two tracker entries:

- 6th Grade English**: Labeled 'TO ME'. Details include GRADE: 6th Grade, SUBJECT: Language Arts, and CORE: CCSS: Traditional. It has 3 Mastery Levels and options for Edit, Copy, and Archive. A '+ CREATE TRACKER FROM MAP' button is circled in red.
- 6th Grade PLC**: Labeled 'DISTRICT'. Details include GRADE: 6th Grade, SUBJECT: Math, and CORE: CCSS: Traditional. It has 3 Mastery Levels and options for Edit, Copy, and Archive. A '+ CREATE TRACKER FROM MAP' button is present.

4. Enter the information for your new tracker, then click on **Create Trackers**.

5. To create additional trackers from the same curriculum map, find the curriculum map in **Shared With Me**, or **Using in Trackers**, and follow the same steps above.

Note: When you create multiple trackers from the same curriculum map, be sure to name each tracker uniquely or according to the section or class you're teaching.
