2.8 Comment

ISD 15 is creating an 1.0 FTE Multicultural Liason to all minority students to close the achievement and graduation gap. This initiative will increase the quality of the Indian Education services.

 I have read the program assurances and agree to their provisions.

 All required student forms ('506 forms') are on file with the LEA and will be provided to the OIE upon request.

 I am authorized to accept the Indian Education Formula Grant award. This grantee will comply with all program assurances, agrees to carry out the program and to meet all applicable Federal requirements. I approve the budget submitted with this application as well as any budget revision submitted in the future by my authorized representative.
