Four Tiered System for licensing

Most staff falls under Tier 4 (5 year license)

New system ready as of 7/2018

Can still enter hours, but unable to renew until 2019; beginning Jan. 1, 2019, all teacher licenses that expire June 30, 2019 will begin renewing under the tiered system

Remind people that hours toward the next renewal period start July 1 of the year they renewed.

Continue to embed some of the hours within staff development, need 7 checked boxes.

Seeking clarification on the Cultural Competency/ELL check box(es)

Contact other districts to see how they keep track of checked boxes/classes versus "dumping" into MDE and requirement of hours per checked box

We need to communicate with staff how they will log in to renew their licenses under the new system.

Construct email to staff regarding extension, hours needed; website with directions
