

**Senior Portrait Specifications for
St. Francis High School Yearbook 2018-2019**

Deadline for submitting senior portraits is Monday, October 15, 2018
[NEW process for submitting portraits through images.jostens.com](http://images.jostens.com)

Specifications: Senior portraits that do not meet yearbook specifications or are submitted after deadline date will not be published. We have a set policy regarding the submission of senior pictures:

- JPEG (.jpg) digital image format is required. Please DO NOT submit PNG or TIFF files. This is very important!
- 300 DPI or higher for “actual size” of photo—approximately 2.5 horizontal X 3.5 vertical inches. We need high-resolution image files for printing purposes.
- Photo must be in portrait or vertical orientation--not horizontal.
- All pictures must be submitted in full color. No sepia or black-and-white photos.
- Pictures need to be head and shoulders only. No hands and no full- or partial-body poses.
- Have your photographer leave enough space around your face to allow for the yearbook staff to feature you at your best within the design. Please sit straight—no dramatic angles.
- Please avoid pictures with “soft focus” as they appear blurred upon reproduction.
- Appropriate attire only will be accepted. No hats, hoods, pets, musical instruments, or props.
- The yearbook staff has the right to request a different photograph if the above guidelines are not met.

We suggest that you contact a photographer as early as possible to set up an appointment to ensure that you meet the October 15 deadline. **No photos will be accepted after October 15, 2018.** Yearbook staff will use the most recent school portrait for students who do not submit a senior portrait, or the student will be listed as “no photo available”.
